

Merry Christmas / Holidays for 2021

Description

As we hit Christmas, I just wanted to wish you the best of times and hope that the coming months are safe for you all.

You will see more of me next year as I finally have more to say about gamification and the world surrounding it.

In the mean time, here are a couple of things to play with. First – my Choose Your Own Gamification Definition page – <https://www.gamified.uk/gdef/index.htm>

“ Gamification (*noun*): The process of making something a game or more game-like.

Also, don't forget to treat yourself to all my downloadables for just £10 – **that's about £100 worth of stuff for £10!**

Finally, and most importantly, don't forget to load up the Santa Tracker – my personal favourite is the one from Google <https://santatracker.google.com/>

Be Awesome you guys!
