

SHORTCUT RULES

- You will need a game sheet (on acetate or in a drywipe sleeve ideally). A dry wipe pen (or a pencil) each. 2 x 6 Sided Dice and a counter each.
- Decide how many laps you will need to complete in order to win.
- Line up your player pieces at the start line – up to 3 players.
- Roll 2, 6 sided dice.
- Move the number of spaces on the first dice.
- If you pass the double line, you have completed a lap.
- If the second dice is the number 1
 - You may now draw, if you choose to, a line from any space, to any space that has no line on it already and is not a solid black space.
 - Each player can draw up to 5 lines.
- If you land on a space with a line, you must move your piece to the other end of the line.
- If the line moves you past the double line, it does not count as a lap.
- The first player to complete the agreed number of laps is the winner.
